Education

10th

Trinity International Residential School

2016 - 2017

Computer Science and Engineering (AI)

Karunya Institute of Technology and Science

2019 - 2023

12th

Trinity International Residential School

2018 - 2019

Experience

Self-employed

hiruthicShaBuilds

<https://hiruthicsha.com>

Feb 2020 - Now

I have made two public apps released on Playstore using Flutter. One product named 'Agile' which is a app that helps you improve or get into new habits painlessly. The second app is unofficial app for karunya student status website, as the website is not mobile friendly I made a mobile client.

Internship

INFA Technologies

<https://infatechnologies.com/>

15/01/2022 - 15/06/2022

Worked on two projects using Flutter and Firebase with 3 more team members. Learned a lot about team work, collaborated source code management. Understood the ups and downs of Hybrid Cross Platform framework and learned to tackle those problems with native code.

Languages

I can speak english in working proficiency

தமிழ் என் தாய்மொழி

Puedo hablar un poco de español
